Owens Health and Safety is an American Red Cross Licensed Training Provider

Most Lifeguarding courses only offer the basic Red Cross Lifeguarding certification. Included in the cost of our course is certification in Red Cross Lifeguarding, Waterfront Lifeguarding, Waterpark Lifeguarding and Administering Emergency Oxygen. Taken separately, these 4 certifications would cost \$700.00. We maintain a smaller instructor to student ratio to provide more personalized instruction to the students. Our syllabus includes additional time for in-water skills practice, resulting in better trained lifeguards.

WHY DO OUR CLASSES COST MORE? Four Red Cross certifications, 5 extra hours included to practice skills, fewer students per instructor, instructors have decades of teaching experience, highest quality training offered in Idaho.

PRETEST: Candidate must successfully demonstrate the following skills during the pretest session to continue the course:

1. Swim 300 yards continuously, demonstrating breath control and rhythmic breathing. Swim 550 yards for Waterfront Lifeguarding certification. May only use front crawl stroke and breaststroke.
2. In the middle of the 300/550-yard swim, stop and tread water for 2 minutes using only the legs. Hands in armpits. Then complete the 300/550-yard swim.
3. Starting in the water, swim 20 yards, surface dive 7–10 feet, retrieve a 10-pound object, return to the surface, swim 20 yards back to the starting point keeping both hands on the object and exit the water without using a ladder or steps, within 1 minute, 40 seconds.

NOTE: Minimum class size is 10 lifeguarding candidates. Course may be cancelled if minimum class size is not met.

Lifeguarding courses will be conducted using a combination of online, classroom and in-water training. There are one to four written exams (depending on modules selected) that must be passed with a score of 80% or higher.

Class 1 - Tuesday, Thursday, Saturday – May 3 to May 17 – Heise Hot Springs, Ririe, ID

Course pretest Saturday, May 3, at 8:00am.

Classroom training Tuesdays and Thursdays from 6:00pm to 9:30pm.

In-water training Saturdays, May 3, 10 and 17 from 8:00am to 4:00pm.
